The Cameron Herald

VOLUME NUMBER 80. CAMERON, MILAM COUNTY, TEXAS, THURSDAY, APRIL 3, 1941. EIGHT PAGES TODAY NUMBER 51.

The cracker roads—pie crust highways, built in Milam county because we too often follow "lines of least resistance" are now beginning to reveal the rank discrimination engaged in by the Highway Department against us. Mr. Blair, the district engineer in Bryan, must bear his part of the responsibility. There are many here who say that Mr. Blair is so prejudiced against Cameron that he will not authorize any expenditures. I didn't say that. Others have said it. They also say that all roads must run through Bryan. I didn't say that. Others are saying it. If you want an eye full of the type of poor road construction given Milam county during recent years, get in your car and drive to Rockdale by way of Minerva. If that don't convince you drive to Milano by way of Hoyte. The road to Hanover may be a little better but you couldn't see the results of the good road chairty practiced by the Highway Department in Milam county. To complete the picture drive west to the Bell county line and then north on Highway 77 to the Falls county line. During the recent rainy season these roads were torn up by ordinary traffic. At best they are no better than the cheaper types of roads that make up the farm to market system in Brazos county. They call them highways. On the map they are Highways 77 and 36. They are highways until they reach Milam. You might look over Highway 79 also from Hearne to Milano and from the concrete west of Rockdale to Thorndale The state could have saved money by leaving the stumps where the trees were felled for all the good they are doing us now. They tell us: "The roads are passable so why kick." Well, Daniel Boone made it through the wilderness of Kentucky too, but he never tried to get from Cameron to Gause by way of Hanover. Nos. 77 and 36 are not important in Milam county. The road from Hearne across the Brazos bottom to Port Sullivan is important—to Bryan. Mr. Blair's Highway Department has appropriated money to build a fine bridge across Little Brazos. If something isn't done to improve our Milam county highway system there won't be enough traffic to pay a ferry boat operator two dollars a day across Little River where they say we will some day have a bridge.

Concessions to labor over a period of years and the ultra liberal tendencies under the Roosevelt administration is now bearing fruit. When John L. Lewis and the CIO got a contract from Organized Labor and a pat on the back from Roosevelt to prey upon legitimate business that the workers might have the more abundant life without earning it, the die of destruction was cast Today strikes are developing at a rapid rate. As these lines are written the Communists and their allies, the Nazis, are tieing up Bethlehem steel. Yesterday when Secretary Knox and Mr. Knudsen wired the operators of the Allis-Chalmers plant to re-open, the CIO chieftain, Mr. Murray, fired back with a demand to know by what right had they ordered production to proceed. The tycoons of the war flare came back with a quick explanation that no ultimatum was intended. I suppose folks like most of us here in this community wouldn't survive long in a purely political job where labor and communism must be handled with the proverbial kid gloves. What the country needs is a few ultimatums. Then it needs to back them up. We are at war. The first battle has been lost here on the home front. The seeds of the whirlwind were sowr in the fireside chats; in the more abundant life days when the workers were given more pay, shorter hours and a voice in the government. We now must pay and the administration, to achieve its plans for aid to Britain must break with labor. Arbitration is fatal. Twelve countries in Europe tried that. Look at them now, all with blood on their faces, stript of their liberties and starving. They had the more abundant life. They had their day of liberality to political labor. I offer a suggestion. It is nothing more nor less than the policy Woodrow Wilson laid down in 1917. If you strike you forfeit your classification for protected industries and are automatically drafted into the

Program For Good Friday April 11th Is Announced Here

Good Friday, important date for observation in the celebration of Lent among millions in America's religions, will be made memorable in Cameron.

Services arranged will be the 7th annual such observation. Good Friday comes on April 11th.

Stanley Swift has been named chairman of the committee of Laymen to arrange attendance at church and to ask the business houses to close as has been the custom in past years.

Mayor Chas. C. Smith has issued a proclamation calling on the city to observe Good Friday.

Services will be held in two churches on Good Friday. There will be a union service at Methodist church and St. Monica's Church with Rev. Geo. J. Duda as pastor will hold annual Good Friday services.

Here is Mayor Smith's proclamation:

"To all Cameron business firms:

"Whereas the Cameron churches will observe Good Friday April 11th with religious services from 12 noon until 3 p. m and

"Whereas, we of the city government are thoroughly appreciative of and in accord with these worship hours,

"Now, therefore, I, Chas. C. Smith, Mayor of the City of Cameron, do hereby ask the active cooperation of all local business firms in closing their places of business on that day during the hours of 12 noon to 3 p. m.

CHAS. C. SMITH,
Mayor of the City of Cameron

Reserve of Medical Corps Still Open; Army Wants Doctors

Appointments in the Medical Corps Reserve of the Army are not suspended, it was announced today at State Selective Service Headquarters.

Qualifed doctors of medicine, who are subject to the provisions of the Selective Service Act, whether they have already been inducted or are in Class 1-A awaiting indution, are eligible for consideration for appointment in the Medical Corps Reserve.

Texas' local boards have been requested by State Headquarters to encourage all eligible registrants to apply for appointment in this reserve.

Bond Assumption Law Passes The House

The Texas House of Representatives has passed the bond assumption law to relieve county bond issues.

Judge Jeff T. Kemp who is a member of the Legislative Committee of the County Judges and Commissioners Association, was present when the bill was passed. It has been advocated by the association. Mrs. Kemp was in Austin with Judge Kemp.

The re-enactment of this bill will enable the county to make reductions in taxes for 1940, in the various road districts with one exception.

The bill will now go to the senate.

Old Auto Plates Being Assembled For Great Britain

Boy Scouts in Cameron are doing a good job gathering old license plates for Great Britain.

Those who have old plates on hand should turn them in at once.

These old plates can be taken to Markham's Service Station and to Richter's Transfer.

The Scouts are assembling the plates for their value in tin. They are being assembling at the above garages and your co-operation is asked in this movement to conserve these materials and to co-operate with the Boy Scouts.

21,658 Bales Is the Total of 1940 Crop

The cotton crop in Milam county for 1940 was more than 3000 bales under the total for 1939.

Totals obtained from the local AAA office show that the crop of 1940 brought 21,658 bales as compared to 24,146 bales from the crop of 1939.

Statistics on the ginnings have not reached the Herald of late. Arrangements will be made to obtain them for the crop of 1941.

MRS. MARY OTTMER IS DEAD AT BEN ARNOLD

Funeral services for Mrs. Mary Ottmer who died at her home in Ben Arnold early Tuesday will be held from the family residence at 2 p. m. Wednesday, April 2nd.

Rev. K. Kalkbrenner, pastor of the Lutheran church at Vogelsang, will conduct the services and Marek-Burns Funeral Home in Cameron will direct arrangements. Interment will be made in the Ben Arnold Cemetery.

Mrs. Ottmer died suddenly at her home. She was 87 years of age and a native of Austin County. She was one of the few remaining pioneers who belonged to that age of Texas history.

Her father and mother came to America in the early days of the Texas Republic. Mrs. Ottmer had been a resident of the Ben Arnold community for 40 years.

Mr. Ottomer, her husband, died in 1911 and is buried at Ben Arnold.

Surviving are four sisters and one brother as follows: Mrs. Lena Schroeder, Halletsville; Mrs. Lula Brandt, Burton; Mrs. Emily Hoppe, Austin; F. W. Miller, Castwell.

Two daughters and two sons survive as follows: Mrs. Augusta Nolte, Ben Arnold; Mrs. Ella Nolte, Ben Arnold; Herman Ottmer, Austin and Ben Ottmer of Belton; one son, Fritz Ottmer, died several years ago.

In addition 15 grand children and 20 great grand children survive.

AGED MAN DIES FROM HEART ATTACK MONDAY

John Sklenar, 80, died suddenly early Monday at the home of his daughter, Mrs. Mary Zavrel, four miles west of Cameron in the Pettibone community.

Funeral services will be held Wednesday morning April 2, at 9 a. m. in St. Monica's church in Cameron with Father George J. Duda, reading the Mass.

Interment will be made in the Catholic cemetery in Cameron with the Marek-Burns Funeral Home directing arrangements. The body will be at the home of his daughter until the funeral hour Wednesday.

Mr. Sklenar is survived, besides his daughter by one son and nine grand children.

FRONTIER CELEBRATION AT BUCKHOLTS MAY 1-3

A frontier celebration at Buckholts on May 1, 2 and 3 was announced Wednesday.

The occasion will be the celebration of the 60th anniversary of the city.

E. B. Hyer has been named general chairman of the celebration committee.

The celebration contemplates many features to depict pioneer days. A grand parade is planned with pioneer color, covered wagons and men and women on horseback. A big rodeo with prizes is also one of the features.

The citizens of that comunity are getting behind the program and will make the event one long to be remembered in central Texas. From time to time additional stories will be printed about the coming celebration.

MRS. LUELLA AINSWORTH IS BURIED AT MARLOW

Mrs. Luella Ainsworth, 80, died at her home in Cameron on Tuesday April 1, 1941, at 2:45 in the afternoon.

Funeral services were held at 3 p. m. on Wednesday from the family residence with interment in the cemetery at Marlow. Rev. C. W. Sanders, pastor of First Baptist Church, conducted the services.

Mrs. Ainsworth was born in Washingtin county of pioneer parents who came to settle in the Texas wilderness. She had been a resident of Milam county for 50 years.

She is survived by three daughters and three sons as follows: Mrs. Clara Tindall of Cameron, Mrs. Maude Shuffield of Cameron and Mrs. W. S. Thompson of Houston; Thomas, Robert and Graham Ainsworth. There are 22 grand children surviving also.

Her late husband, A. B. Ainsworth died in Cameron in 1933, and is buried at Marlow.

Rural Population Decrease is Heavy In Blackland Belts

While Milam County's total population showed a decrease of 4,795 between 1930 and 1940, as shown by the U. S. Census, the rural population of the county including the farm population plus those living in towns of less than 2,500—showed a decrease of 5,270 during the decade, according to calculations made by the East Texas Chamber of Commerce agricultural department.

The decrease of 15.8 per cent in rural population compares with a decrease of 12.6 for the county population as a whole, the study shows. During the same period, the rural population for the whole State of Texas showed an increase of 2 per cent.

Most of the counties in the Blackland area of Texas showed rural population decreases, which indicates an even larger population loss on the farms in this region, the regional Chamber's research shows, and an intensive economic survey of this territory is under way by the agricultural department, in an effort to interpret this trend and recommend a corrective program.

Decease of the population on the Blackland farms, the study indicates, is due to a variety of economic factors, of which the most obvious and most important is the heavy restriction of cotton acreage in this area which formerly was the backbone of Texas.

Three Aldermen Are Elected With 55 Votes Cast Tuesday

Three Aldermen were elected here Tuesday in the general election.

There were only 55 votes cast.

Alderman elected are: Sam McDermott, August Horstmann and Bob Terry. There was no opposition.

The next city election to be held will see a nomination primary in February of 1942, and thereafter in April 1942, a complete government is to be elected, with the exception of three aldermen who were elected Tuesday.

Camerron Figures in Nation Wide Effort To Register Workers

Cameron and the State of Texas are co-operating in a nation-wide effort to locate workers who may be available for jobs in national defense industries. These workers are urged to register at the Cameron office of the state employment service at once, R. C. Moody, local manager, announces.

The public employment offices all over the country are charged with the responsibility of registering workers, both unemployed and those who are employed but are not working on defense contracts . This registration is necessary, Moody says, so that those in charge of the defense program may know what labor resources the country has available and may also know how to reach the workers when they are needed.

Moody urges workers who live in neighboring towns to come to the Cameron employment office at 206 N. Central and register. He says that there are no charges for this registration and it is important that all workers qualified for defense production make themselves available before April 15, when the voluntary registration closes.

James Brogdon Gets Place With Reynolds Tobacco Company

James Brogdon was notified Wednesday that he had been named representative of the R. J. Reynolds Tobacco Company and will be given an assignment at once.

Mr. Brogdon went to Waco Thursday to confer with officials of the company.

He will be located in Marlin and from that city will travel the territory. Friends here will be glad to know that Cameron and Milam county is a part of his territory.

Mr Brogdon was a junior student in Texas A & M College. In December he was married to Miss Margie Cass of El Paso. They will make their home in Marlin and many friends on this city extend congratulations and best wishes.

LOCKER STORAGE PLANT UNDER CONSIDERATION

Locker cold storage, popular with home owners throughout the nation was made possible for Cameron this week when Hayden Lawrence of the Cameron Ice & Cold Storage Company made arrangements to bring this service to the people

Mr. Lawrence told the Daily Herald on Saturday that if the people here are interested the service will be installed.

The advantages are great and the cost on an average over the country is not more than $1 per month or $12 per year. However it was emphasized by Mr. Lawrence that no rate could now be quoted. The price mentioned above is generally the rate charges. Conditions could change this average.

The Cameron Ice & Cold Storage Company has ample space in its vaults to bring this locker refrigeration and storage to the people. Mr. Lawrence said Saturday he has space for about 320 lockers aside from the storage facilities for other services.

Mr. Lawrence has just completed negotiations with a large storage concern and is anxious to know what the people here think of the plan.

If you are interested in this service you should contact Mr. Lawrence at once to encourage this enterprise.

Mr. Lawrence has a long list of foods that are kept in these storage vaults. It is possible to eat cantaloupes in winter time now that this storage is available.

Where installed this serivce has had wide patronage and popular demand. Each vault is available with key and accessible at all times to the owner. In the set up proposed here an attendant would be on duty at all hours of the day and night.

Ernest Sharpe Goes To American Embassy In Russian Capital

Ernest Sharpe now in the Diplomatic service of the United States, has been ordered to proceed to Moscow from his present assignment in Portugal.

Mr. Sharpe is leaving immediately along with others attached to the Portugal office and will be attached to the American Embassy in Moscow.

He received his appointment several months ago and was ordered to Washington where he was instructed in the details of foreign consular service.

As a graduate of the University of Texas he was a major in journalism. He is the son of Mr. and R. E. Sharpe of Cameron. A letter received early Monday told of his transfer to Moscow. The information was telephoned to the Herald by Mrs. Sharpe.

Misses Minnie and Cyl Stedman and Mesdames Fred Reno and Mamie Laird left Sunday for a ten days vacation trip and will visit interesting places in Mississippi, Louisana and other places.

SPENDS DAY HERE IN INTEREST OF FIELD

R. E. McKaughan, President of Aviation Enterprises, Inc., was in Cameron Friday to spend the day looking over sites for the proposed military airport.

Paul Hooton also with the aviation enterprise, was with Mr. McKaughan.

W. F. Paden, manager of the Chamber of Commerce, said that the committee was making all possible progress under conditions. Speed is the objective and while suitable sites have been found there have been delays occasioned by obtaining options.

Mayor Chas. C. Smith, John B. Hnderson and F. W. Davis are with the aviation executives looking over sites Friday.

The corporation operating with a contract to the government to train fighters for the air crops, was asked to send repesentatives to Cameron to look over the proposed sites.

L. W. Raley of Briary transacted business in Cameron Friday.

NAVAL OFFICERS OF EL DUCE MUST GET OUT

The United States government today demanded the recall of Italian naval attaches in this country.

The demand was based on what the government said was proof of direct implication in the sabotaging Italian naval vessels in American harbors.

Reaction to United States seizure of Axis vessels in American harbors was said to be bad in both Axis countries. Mounting anger took the form of arrests of American citizens in Germany and demonstrations before the American embassy in Rome.

When the United States formally rejected the Axis demands for release of the seized vessels and their crews relations will be further strained. When Italy hears that the government has demanded the recall of naval attaches here the end of relations may come.

Death by suicide of the Hungarian Premier was admited today by official sources. Newspaper correspondents in Budapest were permited to say that the Premier was a suicide, that he took his own life because Germany had demanded that Hungary join in the war against Yugoslavia.

The death of the Premier was chargeable directly to the Germans and one of two such cases in Hungary since the Germans took over the country. The Premier refused to lead his country to war with Yugoslavia.

Germany was poised at the Yugoslavian border for war on that country.

According to news dispatches at 3 p. m. Thursday the likelihood of a compromise had been definitely put out of the picture.

Within a matter of hours war was expected to flare up in the Balkans.

Jenkins Motor Co. Gets Pontiac Contract For Milam County

The 1941 Pontiac, sensation of the automobile world, is in Cameron.

Pontiac, a division of General Motors, has announced the appointment of Jenkins Motor Company in Cameron as dealers for Milam county.

Mr. Jenkins has received one of the models for 1941 and now has it on display. The company is located at Main and Crockett streets.

Pontiac has long been a favorite with many auto owners in this section. The new 1941 Pontiac has many new features and its reception has been exceptional throughout the nation.

Mr. Jenkins will be glad to demonstrate the new car so you may join the big family of satisfied Pontiac owners.

Disease Clinic is Showing Progress

The Venereal Diseases clinics at Hearne and Cameron functioning under the Milam-Robertson County Health Unit showed consireable growth during the month of March.

At the Hearne clinic, 321 blood Wasserman tests were made, and 71 new syphilitic patients were started on treatments, which shows that slightly more than 30 per cent of those tested were positive. The total No. patients being treated at the end of the month of March was 320, with 1462 clinic visits.

In the Cameron clinic 412 Wassermans were taken and 77 new patients started on treatment, showing 18 per cent of those tested as being positive. This clinic was treating 351 patients at the end of March, with 1446 treatments and 2296 clinic visits.

On April 1st, the two clinics were treating 671 patients for syphilis and gonorrhea. All patients and blood tests resulted in 3758 clinic visits.

The many friends of Miss Mary Ellen Manning will be glad to hear that she is now improving from a severe ankle sprain that she received from falling on an icy street while going to her work in Washington, D. C., Miss Manning left here last year for the Capital where she holds a government position.

CHRISTIAN SCIENCE SERVICES

"Unreality" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, April 6.

The Golden Text is: "Charge them that are rich in this world, that they be not high-minded, nor trust in uncertain riches, but in the living God, who giveth us richly all things to enjoy." (I Timothy 6:17.)

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Blessed is the man that trusteth in the Lord, and whose hope the Lord is." (Jeremiah 17:7.)

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Even eternity can never reveal the whole of God, since there is no limit to infinitude or to its reflections." (Page 517.)

Housing Survey is Progressing Well

The housing survey in Cameron to give information to Aviation Enterprises, Inc., was progressing rapidly here Tuesday it was announced by Dr. A. E. Cruse, chairman of the committee for the Chamber of Commerce.

It was said that practically half the job had been done Tuesday morning. Housing facitlities are better than was first indicated.

There were offers to build. John B. Henderson, member of the committee on the airport and the housing survey said indications are that the needed facilities are here and every need will be met.

Lieutenant Clayton Sapp and wife left last Thursday for Fort Knox, Ky., where Lieut. Sapp was ordered to report on March 31, for active duty with a mechanized cavalry unit.

Mr. and Mrs. W. T. Tucker of Temple, have been visiting her sister and family, Mr. and Mrs. W. P. McCall.

WITH THE BAPTISTS

Sunday was a red letter day for our congregation. Last Sunday was a church going day and many took advantage of it. Our days, our services, our church are not perfect, but if many of our leaders could have the desires of their hearts it would be.

How grateful to God we are that we can give a good report—301 in Sunday School, 98 in Training Union. Few empty lives or pews in either hour of worship, and we all went home rejoicing over the eight additions we trust God had added to his church.

Joyously we went out Sunday afternoon to take a religious census and we met with great success. Many homes and people were contacted and we now have a great list of prospective Baptists and other people to visit.

Wednesday night we observed our all church night where every member of our church is urged to come and bring his supper that we may meet together to eat and feast on the blessings of God together. A large group was in attendance.

Our Evangelistic plans are to have two revivals this year. The pastor will do the preaching in the revival to begin April 6th, and Brother Ray Burke will lead the singing. We are depending upon God and the officers and teachers of the church to make this a valuable and worthwhile meeting. Our church, according to our records, is responsible for about 200 who, if the end came this moment would go out into a Christless eternity unprepared to meet God. As a church we are going to do our best about this responsibility, therefore we are entering this Evangelistic campaign.

Following is an outline of services:

April 6, "Only Hope of Revival," "The Greatest Sin Toward God."

April 7, No morning services, "Faces Around the Fire.' Luke 22:55.

April 8, "Housecleaning," "Lukewarmness, A Nauseating Sin Before God." Rev. 3.15, 17.

April 9, "What Made Pentecost Great," Acts 1:13; "Barabas or Christ, Heaven or Hell, Which?" Matt. 27:22.

April 10, "What Will Ye Watch,' "What Can Make Me Whole Again?"

April 11, "The Two Hatreds," "Your Verdict, for or Against Christ, Which?' Matt. 27:22.

April 12, "Near to Christ—A Trembling Soul."

April 13, "What is the Matter With the American Home?" Joshua 24:15, "Heaven, Beautiful Home of the American," Rev. 1:2.

WPA Projects Money Spent in Milam County Reaches Big Total

Austin, March 29.—C. E. Wayman, district manager of the Austin area of Work Projects Administration, has released to county and city officials throughout the district a report of seven months activities and expenditures of the Division of Community Service Programs. This Division is charged with the operation of all non-construction WPA projects.

According to Wayman, a total of $23,963 in federal funds and $7,153 in county and city funds has been spent for the following Community Service projects operating in Milam county during the period July 1, 1940, through January 31, 1941:

Sewing Rooms.
School Lunch and Matron Service.
Commodity Distribution.
Nursery Schools.
Adult Education.
Records.

Many Register for Industrial Jobs For U. S. Defense

The appeal to workers in Cameron to register at once with the local office of the state employment service has met with a fine response, according to R. C. Moody, local manager.

"This registration is being conducted on a nation-wide scale," Moody explained "as part of the national defense program, and is designed not only to get the unemployed back to work as quickly as possible, but also to insure that as soon as workers are needed in defense production they can be reached without delay."

The Cameron office, like other employment offices in Texas, is not only taking new applications from workers, but also re-examining its files of workers previously registered. Many skilled workers are being reinteviewed to find out whether they are immediately available for employment or training. This labor registration will continue until April 15, Moody says.

BUFFALO IS BETTER

Bennie Lee (Buffalo) Kennon is much improved Saturday. He has been ill at his home for several days and concern was expressed over his condition. Buffalo, 3 years old, is a much loved personality along the Herald block.

Buddy Nevins of San Antonio is visiting his parents Mr. and Mrs. J. H. Nevins.

Mary O'Neil Given Position in Corpus Christi This Week

Mary O'Neill who has been with The Herald and Daily Midget for more than a year has accepted a position in Corpus Christi and will not return to Cameron this week as planned.

Miss O'Neil, it was understood has obtained a place with the government works as secretary and stenographer. She plans also to attend business college in Corpus Christi.

A graduate of Yoe High School, she attended school in Tulsa, Okla., and after returning to Cameron took a place with The Herald, where she received valuable training leading to the opportunity she has found in the city of Corpus Christi.

Many friends here will regret to know she will not return to Cameron. The publishers and all those with the Herald plant regret her departure but send best wishes for continued success.

Lions See Picture Texas-A & M Game For Ladies Night

Football, still popular even though it carries with it the heartaches and triumphs of last season, brought thrilling entertainment to the Lions on Tuesday night when they held the annual Ladies Night banquet in the Cato Cafe.

Films of the Texas-A & M game and the Texas-Florida game were shown. H. C. "Bully" Gilstrap, line coach at the Universty and former head coach at Schreiner Institute, brought the program.

Miss Suelee Dean, member of Yoe High School faculty, is spending the week end in Waco with her parents, Mr. and Mrs. Fred Dean, 1805 South Ninth Street.

O. P. Robbins who suffered a serious heart attack the early part of this week, has slightly improved. His many friends wish him a speedy recovery.

Employment Awaits You in Airplane Factories

Please bear in mind that these are not vacancies—they are new positions now being created and for which there are not enough trained workers. Naturally, these men with the proper knowledge of this highly technical industry will be the first to be employed.

We cannot enlarge too much on the speed which is being required in the Airplane Industry. The sooner you start your training, the sooner you will be qualified for work in the Dallas factories or factories in any other part of the country to which you may care to go. CAMERON COMMITTEE IN HOUSTON MONDAY

Important conferences are being held in Houston today with officials of Aviation Enterprises, Inc., and a committee from the Chamber of Commerce led by P. W. Davis, chairman.

This conference follows a visit here on Friday of R. E. McKaughan, President of the company.

Three sites have been located and each one would be acceptable to the company. All are said to be within a few miles of Cameron but their exact location is not announced.

Sites cannot be obtained until they have been approved by Air Corps officials at Randolph Field and then will follow an inspection by army officers.

Plans were speeding along as fast as possible.

Mr. Davis, chairman of the committee said the conference in Houston should lead to something definite within the next day or two.

Work in connection with this plan to obtain a military air field has been enormous. Even as the committee went to Houston it was reported that W. F. Paden, manager of the Chamber of Commerce, was completing a survey on 1 of the sites to get it in shape for acceptance in case the army officials decided it is the best.

Texas Power & Light Company has issued a booklet on Cameron (not printed here) showing the advantages of the city. No copy was available for further comment at the time of going to press.

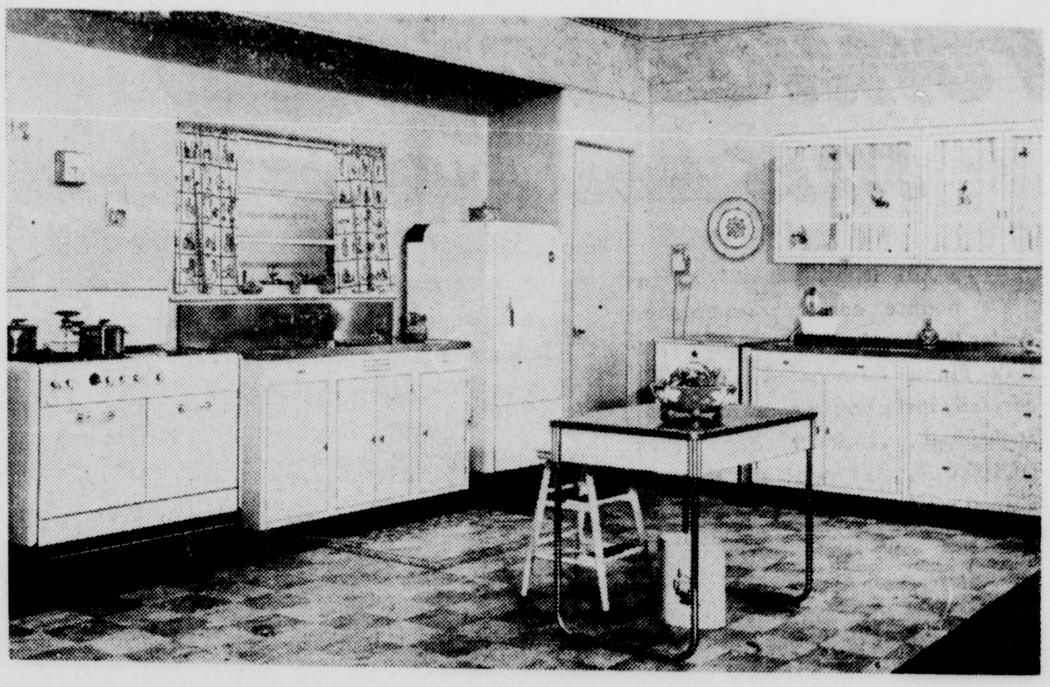
Like to Loaf?

THEN PLAN YOUR KITCHEN FOR EASY WORK



Today's Gas Range provides leisure hours!

Step into a kitchen like above and a well-balanced, well-cooked meal is no effort at all. Reason is the sparkling automatic gas range at the left of the sink.

Roasts, cakes or pies are cooked unwatched because the thermostat keeps under control every second the proper amount of heat needed. Vegetables are boiled without danger of boiling over or burning because simmer burners provide a gentle boiling heat for healthful "waterless" cooking as well as vigorous frying heat. Broiler drawer grills food in half the time because of new burner efficiency. These are only a few of many things about today's gas range that mean leisure hours for the busy housewife.

So if you're one who likes to loaf, you can find time for it if you will turn your cooking over to one of the new gas ranges.

A. G. A. approved gas kitchen appliances are on display at your dealer's store or gas company. See them.

army. That might be a good policy now. Given your choice of front on which to fight, you take the easy way. You go AWOL and you find yourself where millions of better Americans were forced to go, on the battle front. Such a policy might stamp out some of the American enthusiasm for Stalin.

* * *

Mr. Henry Ford may be an eccentric. You may not like what he says on public questions. He once testified he was on ignoramus. Said art was a naked woman. He praised Lindberg; said the United States ought to give England and Germany all the materials they need and let them fight it out to complete exhaustion. When the NRA slipped off the assembly line of the crack pot incubator in Washington, he didn't succumb. He was the first American Industrialist to pay $5.00 a day. He was the first great employer of labor to give a five day week. Once when Wall Street thought the depression had eaten away the foundation of his financial realm, they wanted to refinance him. He just went on putting his steel together and raised the money from inside his own organization. When John L. Lewis began his crusade to Sovietize America with official Washington satction, Henry Ford said "No." When war came on and the government needed the industrial genius of Henry Ford they said you must accept the CIO. His answer for all it meant might have been "Me and Edsel will run things around here. Let Stalin stay in Russia." The government said it could not give him war material contracts without a government labor clause. Henry said "No." Saturday the Associated Press reported the government had given Ford an order for several thousand trucks. The order will be paid for out of CCC funds. There is no labor clause in CCC business. The government's OPM (Other People's Money) seems to be making some headway against strikes. When labor intimidates office holders we accept it as a sort of political assignation. When radicals control federal contracts in days of emergency it's time for every American who can trace his ancestry back to the saw tooth tiger to show his claws. Henry Ford has kept the rats our of his flour bin. I never heard of labor troubles in a Ford industry.

Nearly all the world's ills can be traced to politicians. Hitler made speeches, thousands of them. Lenin and Trotsky made speeches, thousands of them. They too promised much. It was always an appeal to the workers. In those countries it was a direct appeal to prejudices. They wanted and did overthrow their rulers. Political processes were unvarnished and often took forms of violence. In every age of the world and in every country the workers have been the special object of appeal by politicians. In the old days labor won its battles against great odds. As time sped labor grew and was fed in accordance with its willingness to follow any given political party. We called it the processes of democracy although without knowing it we built up the most sweeping and dangerous appeal to demogoguery any country has known. What labor has fought for and won, a place in the industrial sun, has come to be a risky position and somewhat out of tune with public patience. Political parties and politicians are to blame. Any criticism of what has happened and what is happening in this country today must not be taken as a thrust at legitimate aims of labor. What we want to say is something vastly more implied. Into the ranks of labor has come the danger elements. In the questionable methods of vote getting and holding the voters in line, this country has made grave errors. The fruits of them now must be eaten and they are bitter. We need a few fireside chats like dad used to give us within walking distance of the wood shed, not the abundant life type that rocketed this country to social and economic inflation, but that old fashioned horse sense philosophy. Hesitation in Washington leads us to believe that the government may still be temporizing with the radicals. Appeasement on the home front will bring disaster elsewhere. Make no mistake. America has got to get tough. Right now it begins to appear that public sentiment is the only hope. If strikes and industrial breakdowns continue the rising tide of public indignation will make an ugly picture. Is it possible we are going the way of France? Not so, says the politician. America is different. Maybe so, but the symptoms are the same. In this grave hour every man in public office should be held responsible for his stewardship as an American.

Surprise Party

Mr. and Mrs. Paul Hubnik gave a surprise party to their nephew Edwin Ermis. The honoree received many gifts, among them was a dandy birthday cake decorated with tiny candles in the form of figure seven. Edwin was so proud of the cake that he brought it to school so that others might share equal his joy. After much admiration, Edwin divided the cake among his school class mates and the teacher. We all join in wishing Edwin many more years of health and happiness.

FORD FACTORY CLOSED?

The Daily Herald learned that the CIO has brought about the closing of a Ford plant in Dearborn, Michigan. reported early Wednesday. The Communist leader of the CIO said 22,000 men would strike at the Ford plant. Ford has never signed a contract with CIO or recognized the organization as a bargaining agency.

If the plant is closed it was believed Ford ordered the closing. Many believe Ford will not operate under such conditions.

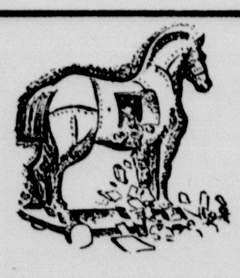
A New Weapon of World-Wide Conquest

Two great oceans as protection and friendly nations as neighbors can no longer guarantee our safety. Even if enemy airplanes, ships and troops cannot readily attack our shores, we are still in danger. For a new sinister force is at work.



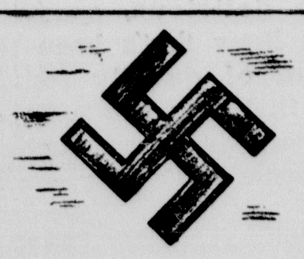
Conquest by Propaganda

Today a new strategy is being used to gnaw at the vitals of a nation until only a hollow shell remains to be crushed by force of arms. Modern conquest has adopted the "Trojan Horse" of propaganda as a weapon to—

Divide and Conquer from Within

Communists and the Trojan Horse

The Communists "bore from within," planting agents in key positions to spread their poisonous propaganda. First they try to undermine the home—attack the love of country—break down religious faith. After thus demoralizing their victim, they high pressure him into believing that Communism is the solution of all problems.



Nazis and the Trojan Horse

The Nazis used various types of propaganda to pave the way for political and economic conquest. Unable to establish a bond of confidence with their neighbors, they turned to winning followers by setting up a bond of hate.

Pontiac 'Torpedo'

SIXES AND EIGHTS

WE ARE INDEED HAPPY to announce our appointment as dealer for Pontiac—builder of America's Finest Low-Priced Cars. We cordially invite you to come in and get acquainted . . . to inspect our modern facilities . . . to meet our expertly trained staff . . . and to view the brilliant 1941 Pontiac "Torpedoes" on display.

This year, Pontiac offers three complete lines of "Torpedoes"—at prices that begin right down among the very lowest—and every one of the 13 beautiful models is available either as a Six or as an Eight. All offer even finer performance, easier handling, greater dependability and greater riding comfort than the famous Pontiacs of the past—yet their gasoline and oil economy challenges that of even the smallest cars.

Why not call on us this evening—we'll be glad to see you . . . and, if you have time, we would like to have you drive one of these sensational Pontiac "Torpedoes." Then you'll realize why *we* chose Pontiac—and why *you* should choose this big, luxurious car that costs so little more than the lowest.

MILLION MAN ARMY IS FULLY MOBILIZED

The German ultimatum to Yugoslavia demanding a clarification on the axis treaty signed in Vienna went unanswered as the deadline was reached.

An early news broadcast at 6 a. m. said the Yugoslavian government had dispatched a reply to Berlin stating that the new government could not subscribe to the treaty.

Later news said this was not correct and no reply had been sent.

Indications were that the Balkan situation might produce a war within the next few hours, depending on whether Germany plans to make good her threat to force the Yugoslavs to comply with the agreement.

The new Government under King Peter, 17 year old monarch, is pro-British and American. The Soviet in Moscow are credited in todays dispatches with having a hand in the diplomatic war that took the Yugoslavs out of the Axis bag.

According to late information all possible haste was being made by the Yugoslavs to protect their borders against German invasion. The Germans were reported massing on the Yugoslav border.

Over the war theatre silence was drawn except for a few developments in the Balkans. There was no fighting except in Africa where the British have scored new successes against the Italians.

Much of women's periodic distress may be unnecessary!

Many who suffer from headaches, nervousness, cramp-like pain, other symptoms of *functional dysmenorrhea* due to malnutrition are helped by CARDUI.

Main way it helps relieve periodic distress is by increasing appetite and flow of gastric juice. Thus it often aids digestion; helps build strength, energy, resistance to periodic disturbances.

Others find help for periodic discomfort this way: Start a few days before and take CARDUI until "the time" has passed. Women have used CARDUI more than 50 years.

BRITISH ESCAPE BIG FIGHT WITHOUT LOSS

A naval battle in the southeastern Mediterranean sea between a British fleet and an undisclosed number of Italian warships and described as the most extensive sea operation of the entire war, occured early Saturday.

The British Admiralty announced that two Italian battleships of the 35,000 ton class were shot to pieces; two cruisers from 5000 to 10,000 tons were badly damaged and put out of action and a number of Italian destroyers sunk.

The battle occured when the Italian fleet tried to cut the sea lane between Africa and Greece.

The report said that when the Italians sought to attack a transport the British fleet came up quickly and trapped the Italians. Some escaped but those forced to fight were shot full of holes and probably sunk.

From London came the announcement that an undisclosed number of Italian destroyers were sunk.

A part of the Italian fleet escaped to the safety of nearby harbors.

At no time since the war began has a battle occured between dreadnaughts According to the news report two of the big ships of the Italian navy accompanied by two cruisers and a number of destroyers were in the ill fated fleet.

If the story is confirmed as to the sinkings, Italy will have only one other battle ship of the 35,000 ton class left.

The British came out of the battle with no casulties and no ships lost. It was said that no Italian shell found a mark and no British ship was struck.

Britain is transporting large numbers of troops from Africa to Greece.

Serious internal disorders in Yugoslavia were said late Saturday to have forecast German intervention. Thirty-thousand Bolsheviks marched into the streets of Belgrade late Friday to demand that Yugoslavia sign with Russia. The youthful King Peter is said to have crushed the Red uprising in short order. The Communists were demonstrating aginst Britain.

The German Ambassador to Yugoslavia was attacked in the streets of Belgrade today. Fights started when the German was cheered by spectators and booed by others.

German agents were reported to be stressing dissension between the Croats and Serbs and to wreck the new government.

Prime Minister Winston Churchill due to make a speech to the world Sunday, suddenly canceled his plans. It was said that important new developments were expected in the Balkans.

German patience was said to be at the breaking point and that Yugoslavia would not escape attack if satisfactory reply is not had by Monday.

There was growing fear that King Peter might not be able to go through with his new government. German nationals in Yugoslavia were said to be leaving the country. Internal strife was producing a situation that might at any moment bring war from Germany or result in a compromise agreement with the new government.

The British and the United States were both openly urging the young King not to yield to the Nazis.

In the far east was another suddenly developed tension. A German battleship was said to be in the Pacific. United States war ships were given instruction to watch a German steamer suddenly put out of the harbor of Shanghai. The British navy is weakened in the far east due to demand for ships in the Mediterranean and home waters.

The Germans are urging Japan to attack Singapore. If the attack comes it may mean war between the United States and Japan.

Ship Convoy Believed Sure

With war imminent in the Balkans and all communications cut off from Yugoslavia, the latest country to fall into the Hitler bag, the eyes of the world were turned toward Washington.

General mobilization of both the navy and the army as well as the marine corps was expected within the next 48 hours or immediately upon return of President Roosevelt to the White House.

The Daily Herald has reasons to believe that America plans some sort of immediate participation in the European conflict.

Action of America may be the use of the navy for convoy of supplies to England and it also may include concentration of military forces in the Far East.

These developments, lacking entirely in official confirmation, were big enough to overshadow the war in Europe and the tense situation in the Balkans.

The most significant development of the day came in a pledge from Turkey to go to the aid of Greece if that country is attacked by Germany. There was no indication that Germany intends to attack Greece except the concentration of military forces on the Grecian border through Bulgaria.

It was said that when Yugoslavia signed up with the Axis at noon Tuesday in Vienna that the pact especially provided that no German trooops would be admitted to Yugoslavia.

Those who have watched the developments and the policy of Hitler believe that internal disorder in Yugoslavia may have been greatly exaggerated to give Hitler a pretext to march into that country as he did in Rumania.

Soviet Russia and Turkey have signed a non-aggression pact. What this means no one can tell. On the basis of statements by both countries Russia agrees not to fight for Germany in case Turkey is involved in war on the side of Britain.

The Daily Herald heard today that Russia has cut off all exports to Germany and has begun the shipment of war materials to Turkey.

There was nothing to indicate what Britain might do in the Balkans. It was said that England would not break off diplomatic relations with Yugoslavia. There was no explanation.

Increased numbers of German troops in Africa was said to be alarming to the British.

Italy is in a state of complete collapse and has been taken over by Germany to keep that country from making a separate peace with England.

TODAY'S IMMORTALS

Seven men, colored, left Cameron Wednesday for the inducton center at Dodd Field, San Antonio to begin one year of training in the United States army. All are volunteers. They are as follows: Elza Daniels, Edward Moss, Willie Lee Dotson, Wille D. Hesleph, Nathaniel Daniels, Willie Bailey and Freddie Lee Rose.

The Local Board has on file a large number of volunteers among colored registrants who are anxious to do their share under the National Defense Act. They left Cameron shortly after 9 o'clock Wednesday and will reach San Antonio in the early afternoon.

Willie Lee Dotson was named leader of the delegation and J. B. White, chairman of the board, congratulated them and gave final instructions.

Car Registrations Far Behind Goal

Car registrations in Milam county are far behind schedule it was revealed today in a check up at the office of Bill Alex Bonds, collector.

Although registrations were more brisk Thursday and Friday the bulk of car numbers are yet to be receipted at the office.

There are three more days in which cars may be registered, the deadline being April 1st.

Many registrations are expected to be made. Saturday and Monday will be the big days.

Service at the office is better if the registration is done on time. If you have not registered your car, you should do so at once. Do not wait until the last day.

John C. Andres, Rudolph and Bill Richter and Jerry Mikula visited in Austin Sunday where they were present for the initiation of Students of St. Edward's University to the Knights of Columbus.

Axis Protest Ship Seizure

Seizure of Axis ships in American harbors may have historic effect, said the Government of Adolph Hitler Monday when comment was made in the German capital following the seizue by coast guard units.

At noon Monday the total number of ships seized had reached 69.

Crews aboard the Danish ships seized were left on ship while the crews of the German and Italian ships seized were interned.

In the Balkans things were moving to a climax with Germany sending another warning to Yugoslavia stating in effect that developments inside Yugoslavia have reached the point where they cannot be tolerated. Hitler was especially resentful of insults. The dignity of the Reich was at stake, he said.

There was no Italian comment on the seizue of Axis ships. Some time ago Virginio Gayda, authoritative editor, said any such seizure would be an act of war.

Turkish officials were confering with Yugoslav officials.

It was believed that Yugoslavia might attack Italian armies in Albania.

Meanwhile the last vestige of Italian conquests in Africa were rapidly dwindling. The British have captured the railway to Adis Ababa and other important cities. The Italians were fleeing in wild disorder.

Unless the Germans can reach Africa in sufficient numbers to aid the Italians will soon have all been captured. Only one spot now remains in Italian hands, that of Tripoli in Iibya.

Dance Hall Closed By City Marshal

City Marshal Gene Smith told the Daily Herald that he closed a dance hall over Moore's Cafe in the business district Sunday night.

Mr. Smith requested publication of an appeal to parents. He said: "I wish fathers and mothers would keep a closer check on their girls. Know where they are and what they are doing. If this is done we would have less trouble."

Mr. Smith said he found no drunkenness in the hall but that he had told the young people to go home, turned out the lights and will not permit dancing there under similar circumstances again.

"Their conduct Sunday night was not right and such influences will not be tolerated. I closed this hall for the good of the community and because I think too much of the boys and girls. I appeal to parents and the people to co-operate with me."

PRE-NUPTIAL COURTESY

A beautiful pre-nuptial courtesy tendered Miss Harriett Flinn who is soon to become the bride of Wm. David Craig, Jr., of Austin, was when Mrs. Tom Denson entertained with a three course dinner at her attractive home on East 13th street Friday evening.

Beautiful spring flowers lent charm and beauty to this already pretty home, and were seen throughout the reception rooms. The dining room was especially pretty where sweet peas and snap dragons formed a lovely center decorations of the table laid with an imported lace cover. Beautiful China and silverware service added to the attractive scene. The following guests enjoyed this delightful occasion. The honored guest, her mother, Mrs. E. A. Flinn, sister, Miss Katherine Flinn, aunt, Mrs. Bertha Brewer, Miss Ethel McKinney, Mrs. Alvin McKinney, Mrs. Clifton Jenness, Mrs. Roy Law, Mrs. Eber Flinn and the hostess, who presented the honored guest with an attractive gift.

FOR MISS FLINN

Honoring Miss Harriett Flinn, a future bride, Mrs. Wm. Hefley entertained Saturday morning with a breakfast at 9:30 o'clock with 20 relatives and close friends composing the personnel. The table was laid with a beautiful cloth and a handsome center attraction was a large white ivory basket filled with pink roses, pastel colored sweet peas, white iris and bridalwreath. Handsome sprays of the flowers were laid on the table radiating from the central adornment.

The hostess was assisted in entertaining by her mother, Mrs. Olive Walker. Out of town guest was a sister of the honored guest, Miss Helen Flinn of Austin. The hostess favored the honoree with a lovely corsage.

SURVEY BEING MADF IN CAMERON TUESDAY

A housing survey to determine facilities in Cameron is being made Tuesday.

Time was said to be the prime element in the survey because Aviation Entrprises, Inc., has asked for an immediate disclosure of housing to take care of more than 70 families and others who will flock here of the military airport sites are passed by army engineers.

All citizens have been called for immediate co-operation.

Information wanted on all vacant houses, vacant apartments and vacant rooms should give the following: Number of rooms, furnished or unfurnished; bath facilities, garage, utilities and which; Rental price, owner and street number.

All information should be telephoned at once ot 603, the Chamber of Commerce where W. F. Paden and others will list these facts.

Every citizen can now have a part in this work. Your loyalty is in demand and if you will get this information to the Chamber of Commerce at once you will be serving Cameron and helping in a big way to bring the military airport to this city.

Experience in other cities has caused the Aviation Enterprises, Inc., to ask for housing facilities in advance. In two Texas cities this information was not obtained in advance and much inconvenience and confusion resulted.

There is no obligation when the retail price is given.

Dr. A. E. Cruse is chairman of the committee on the housing survey. However all information should be telephoned to the Chamber of Commerce, No. 603.

"This phase of our work is doubly important when information on housing facilities has been asked for with such limited time. Let every loyal citizen remember that time is the element. The United States government cannot wait. Give us this information at once," so said W. F. Paden, manager of the Chamber of Commerce.

GETS HIS MAN

Deputy Sheriff Carl Black is in Little Rock, Arkansas, to bring J. H. Collins back to Milam county.

Collins is wanted for having written a worthless check. Formal charges will be filed and his case will be considered by the May grand jury.

Mr. and A. J. Triggs and family were Waco visitors Sunday.

Announcement!

This is to announce that I am now with the W. A. L. Robinson, Texaco Station and will greatly appreciate it if my friends will come to see me at this station and continue their patronage by taking advantage of the service of Robinson Texaco Station.

PEACE MOVE SEEN IN NEW GESTURE

Complete unity has been established in Yugoslavia said a late news bulletin from Belgrade, the capital.

It has been known for some days that the new government of King Peter was striving to bring about undestanding among all peoples in that small country threatened by Hitler's army.

Berlin has named a new envoy to Belgrade. An effort may be made to bring about a better undestanding between Germany and Yugoslavia. The determination of the Yugoslavs to fight gave Hitler his first obstacle in the Balkans.

Soviet Russia warned Germany not to attack Yugoslavia. In Ankara it was said that an understanding had been reached with Yugoslavia indicating Turkey might fight if Germany attacks. The British are still moving forces into the Balkans. Greece is still thrashing the Italians in Albania while in Africa the last of the Italian empire was crumbling and complete rout was momentarily expected.

Japan's Foreign Minister, Matusoka, revealed that his country wants peace. He is in Rome. There was a wide spread rumor that he was feeling out for a possible way to peace in Europe. Hitler is said to be facing a crisis and if the war can be ended he will be saved. Japan, it is believed has no intention of entering the war.

Germany may have to settle with Russia and in that way the war may be ended with Germany disgorging her conquored territories. Everything depends on America.

The British continue their naval successes. An Italian cruiser has been sunk by British warships in the Red Sea.

The Press of Germany denounced the United States for seizure of Axis ships and their crews. They call it a "wild west" violation of the law.

Secretary of State Hull said in Washington Wednesday that the United States will formally reject the demand of Germany and Italy for restoration of the ships and re-

AXIS FIRM IN NOTES TO THE UNITED STATES

Germany and Italy Tuesday formally demanded of the United States Government that ships and their crews seized by order of President Roosevelt on Sunday be released at once.

Strongly worded protests accompanied the demands and were given the State Department by consular representative of the Axis governgovernments in Washington.

What the State Department might reply was indicated by a statement of Secretary Hill on Monday when he declared the action was legal and justified.

Grmany said the action was illegal.. Italy has already described the seizure as an act of war.

Ships of France in the American harbors will not be seized but will be subject to periodical inspections, said a statement.

The Daily Herald heard that war is imminent in the Balkans.

Germany was reported shortly afternoon Tuesday to have said that responsibility for what may happen now is clearly not a Nazi responsibility but must be born by England, Yugoslvaia and the United States.

More than a million Yugoslav troops were placed and ready for instant action.

Germany was expected to begin the invasion some time late Tuesday.

Soviet Russia has told the Germans she will not stand by and see Yugoslavia attacked.

Turkey and Yugoslavia were reported to have agreed upon a mutual assistance pact.

Big developments were in prospect as Anthony Eden and Sir John Dill, British General Staff Chief, both reached Belgrade late Monday.

Men Ordered to Army Should Not Dispose Of Property in Haste

Texas' Selective Service local boards today were urged by General J. Watt Page State Director, to warn every registrant ordered to report for induction under the Selective Service System to arrange so as to prevent undue personal hardship in the event he is rejected later at the Army induction station.

General Page said that there are instances when men sent to induction stations by local boards are rejected on physical or other grounds by Army examiners, and the State Headquarters is extremely anxious that any injustices suffered by registrants in such cases be reduced to a minimum.

"Probably more often than not," the Director said, "when a registrant is ordered to report for induction, he disposes of his automobile at a sacrifice since he has been instructed that he cannot take it with him. He either sells or gives away his civilian clothes and gives up his lodging accommodations."

"But, more serious is the possibility of inequity to rejected registrant if notified by his local board to report for induction, he should point out to his employer the possibility that he will not be accepted at the Army induction station. The employer can then be prepared to replace the man if he is accepted," General Page said, "or to continue his employment if he is rejected."

BUFFALO IS BETTER

Bennie Lee (Buffalo) Kennon is much improved Saturday. He has been ill at his home for several days and concern was expressed over his condition. Buffalo, 3 years old, is a much loved personality along the Herald block.

Girls Are Advised To Build-Up For Relief

Lack of knowledge causes many a weak, undernourished girl a lot of suffering!

Many others, however, know how the headaches, nervousness, cramplike pain of *functional dysmenorrhea* due to malnutrition are helped by the proper use of CARDUI.

Some take it a few days before and during "the time," to help ease periodic distress. But CARDUI'S principal use is to help increase appetite; stimulate the flow of gastric juice; so aid digestion, assist in building up physical resistance and thus help reduce periodical distress. Women have used CARDUI for over 50 years.
